

National Enterprise Network

Representing the enterprise support sector in England

National Enterprise Network is a unique membership body representing those working in the enterprise support sector across England. We believe our members are crucial to England's economic growth. Our role is to support their work by representing their interests, promoting the results they achieve and connecting them with opportunities for even greater success.

Our mission is to support our membership by:

- **Representing** their interests to government and others in the public and private sector, showcasing a unique national network of credible, quality assured enterprise support organisations
- **Promoting** the successes they achieve and demonstrating the value they add to local communities and the wider economy
- **Connecting** them to people and projects inside and outside the Network, to share valuable knowledge, skills and opportunities for even greater success

Our membership is traditionally, but not exclusively, made up of not-for-profit enterprise support organisations providing independent and impartial advice, training and mentoring to new and emerging businesses. We represent a variety of enterprise support organisations; including enterprise agencies, Chambers of Commerce, local authorities and other specialist providers.

Organisations meeting specific criteria can apply to become Members of the National Enterprise Network. If they also obtain and maintain a recognised quality standard (currently ISO, Customer First or Matrix) they become Quality Assured Members. In addition, an Associate category is open for organisations that wish to align themselves with the Network in a representational capacity, but which do not qualify for, or choose not to take up Membership.

Network Benefits

Those joining the Network receive the following benefits:

- We believe in strength in numbers – taking your local enterprise and business support issues to a national forum, including regular meeting with BEIS, CLG and DWP.
- We offer a chance to align your organisation with other likeminded individuals and organisations, offering the best in the field of enterprise and business support.
- We provide a strong media profile for enterprise support, its Members and Associates in the national press, broadcasting and social media channels.
- We hold an annual conference and other events addressing issues of the moment, introducing opportunities and dealing with your concerns relating to the future of the sector.

2018-2019 Subscription fees:

Company Turnover	Quality Assured Member	Member	Associate
Up to £70,000	N/A	N/A	£250
